Facilitator

The workshop will be spear-headed by Mr. Khusro P. Malik who is known for his coaching, mentoring, and training abilities. Mr. Malik is Director CASE-PDC and CEO ark Consulting Group. First Pakistani GPHR who holds business degree from one of the top Canadian business schools.

Why Performance Coaching

Employee productivity is a critical player in the survival and growth of companies. Enhanced productivity can only become possible when all employees are active contributors. There is strong need for training managers in employee involvement, employee participation and development.

Performance Coaching is Need of Every Company Today!

The way in which managers supervise and coach their employees significantly affect performance and job satisfaction. This one day workshop is designed to give you the tools to get the best out of your interactions with your subordinates. You will be able to motivate your employees towards higher productivity by creating job satisfaction all around.

Investment

Rs 7000 per participant. We provide 8 hours training, training material, refreshments, and lunch.
